

# A route guide for Hyaku-Hiro-no-Taki (Fall)

- step-1. by bus (about 15 min.): get on the bus bound for [Sho-Nyu-Do] or [Higashi-Nippara] from Oku-Tama station (gate No. 1, just right side after passing the station gate) and get off at Kawanori-Bashi bus stop.
- step-2. by walk (about 45 min.): from Kawanori-Bashi bus stop to Hosokura-Bashi (Bridge) via Kawanori Rindo.
- step-3. by walk (about 45 min.): from Hosokura-Bashi (Bridge) to Hyaku-Hiro-no-Taki (Fall) via climbing road.

## Remember ①

### Required **time is up to you.**

There will be no case that the required time is the same for all people. So, let's set up a time fit with you.

You cannot reach to the Taki (Fall) if you keep walking the Forest road after the bridge.

Wide road, but it sometimes goes "not available" by rock dropping also fallen trees, need to check the latest situation.

## Hyaku-Hiro-no-Taki (Fall)

Just before arriving the fall, you pass the dangerous steep slope on the huge rocks.

Climbing Road about 45 min.

to Mt. Kawanori

## Hosokura-Bashi (Bridge)

(Toilet placed near the bridge was removed)

## Remember ③

### Climbing Road

- ✓The road after Hosokura-Bashi bridge is very narrow, with crossing fragile wood bridges.
- ✓Go to the bottom of stream if you put your foot on wrong point even if it is one time. **Slipping accidents are happening here.**

Since the bus service is very limited, so it will be good for you to check the departure time in advance.

## Kawanori-Bashi (Bus Stop)

No room for car parking around the bus stop

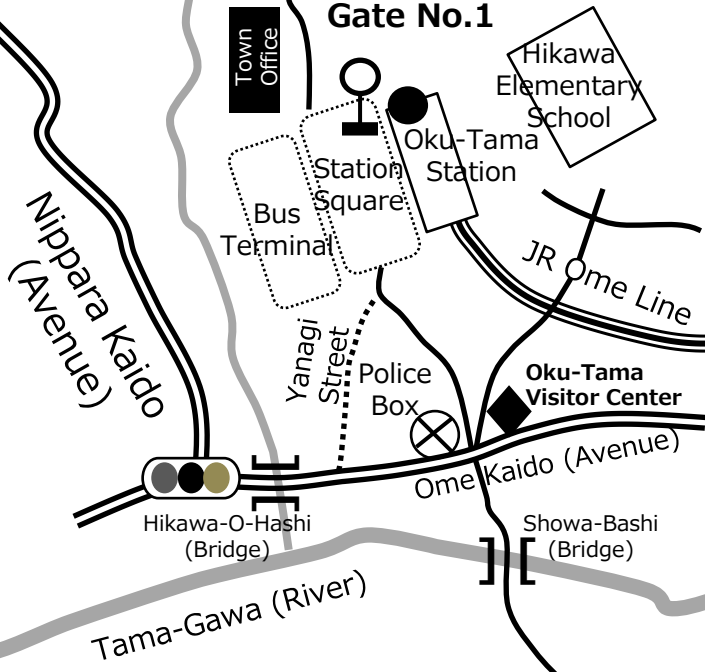

## Remember ②

### The Taki (Fall) is **in real mountains.**

- ✓The alt. **gap is surprising around 500m!**
- ✓With item made for use in mountains are requested for clothes, shoes and rucksacks.
